- First Coast Metropolitan Planning Organization
- Northeast Florida Regional Council
- St John's County Planning Department
- **And Private companies such as:**
- Advanced Patient Transportation
- Reynolds, Smith and Hills
- Jacksonville Transportation Group
- Runways
- Edwards & Kelcey

# Northeast Florida Mobility Summit

## September 8, 2010

### St. Augustine

This Summit brought together, in the spirit of cooperation and mutual support, many of our region's key participants in service to the transportation disadvantaged community. The goals were to listen to the best practices for mobility coordination from subject matter experts; to question and consider how to apply those practices to current coordination efforts; and to challenge ourselves to develop coordination practices best suited to our region's needs.

# Many distinguished speakers:

*Congressman John Mica opens the Summit.*

# Some not-so-distinguished speakers

- In an October 15, 2010 letter, JTA Executive Director Michael Blaylock requested that the Northeast Florida Mobility Coalition play the lead role in regionalization efforts.

Our challenge now is to develop coordination practices best suited to our region's needs. As a host agency for the Summit, in concert with St. Johns Council on Aging, the Jacksonville Transportation Authority recognizes that having a strong coordinated body advances this effort and will be of mutual benefit to all. On behalf of the JTA, I ask that the Northeast Florida Mobility Coalition assume the leadership role in moving forward, as recommended by the Summit Planning Committee.

# Northeast Florida Mobility Coalition Executive Committee (16 members)

- Seven (7) Local Coordinating Board Chairmen
  - Commissioner Doug Conkey – Clay County
  - Commissioner Nancy Harris – Putnam County
  - Councilwoman Denise Lee – City of Jacksonville
  - Commissioner Alan Peterson – Flagler County
  - Commissioner Ken Bryan – St. Johns County
  - Commissioner Jimmy Anderson – Baker County
  - Commissioner Steve Kelley – Nassau County

# Northeast Florida Mobility Coalition Executive Committee (16 members)

- Seven (7) Community Transportation Coordinators
- Two (2) FDOT representatives
  - One (1) District 2
  - One (1) District 5

# Three (3) Subcommittees have been formed

- Technical Subcommittee
- Policy Subcommittee
- Resources Subcommittee

# Mission Statement: Technical Subcommittee

- “ Provide technology to enhance passenger access and safety through improved coordination of transportation information, services, and resources in Northeast Florida”.

# Mission Statement: Policy Subcommittee

“ Reduce barriers to mobility and access to improve the quality of life for vulnerable populations by establishing policies that foster interagency collaboration.”

# Mission Statement: Resources Subcommittee

“ Provide strategies to optimize the sharing and linking of resources.”
