

The Regional Award for Excellence in Transportation

Purpose

To recognize either an individual, entity, or specific project whose primary focus has been to improve the quality of transportation options available to the citizens of Northeast Florida.

Criteria

For individuals or entities:

Consideration will be given to nominees based on:

- 1) overall vision for the future of the regional transportation system;
- 2) on-going commitment to a transportation planning process;
- 3) leadership provided to the Northeast Florida community within their transportation-related field of expertise; or
- 4) demonstrated success in achieving improvements to any of the multi-modal transportation options available in Northeast Florida.

For transportation projects:

Consideration will be given to projects which have demonstrated success in:

- 1) the provision of substantial improvements or viable alternatives to existing transportation infrastructure of regional significance that is either deficient or inefficient; or
- 2) improving and/or promoting access to alternative modes of transportation which decrease the population's dependence on automobiles; or
- 3) enhancing or expanding the options for the movement of freight, people, and goods into and out of the region.
