5. Annual Review of Bylaws*

Ms. Jones conducted an annual review of the bylaws. There were no changes or suggestions made. Ms. Stanford motioned to approve the annual review of the bylaws with a second from Ms. Dickinson.

6. Northeast Florida Regional Council Update

a) TDSP Annual Review (Roll Call Vote)*

Ms. Jones stated she thinks the demographics should be updated, as the numbers are from 2018. The LCB members were in agreement on updating the TDSP. Mr. Nagle had questions regarding funding that was listed under Service Analysis in the TDSP. He asked who requested the funding and are they by-passing Clay County.

The LCB members agreed that they would like to table the TDSP Annual Review until the September LCB meeting. Ms. Hagley motioned to approve to table the TDSP Annual Review until September 15th. Ms. Dickinson seconded. The motion was approved unanimously.

b) Proposed LCB Meeting Schedule – 2:00pm on the 3rd Monday Quarterly, 2nd Monday in February: 9/15/25, 11/17/25, 2/9/26, 5/18/26, 9/21/26* Proposed LCB Annual Hearing: 2/9/26*

Mr. Lewis motioned to approve the proposed meeting schedule with a second from Ms. Hagley. The motion was approved unanimously.

c) CTC Evaluation*

Ms. Jones reviewed the results of this year's CTC evaluation. There were no reported findings. Mr. Lewis motioned to approve the annual evaluation. Ms. Reeder seconded the motion. The annual evaluation passed unanimously.

Ms. Jones also brought up that this will be the last Zoom meeting. Moving forward, Microsoft Teams will be utilized.

7. Community Transportation Coordinator

a) CTC Quarterly Update

Ms. Johnson reviewed the CTC Quarterly Report, which was included in the member meeting packets for review.

Ridership numbers are as follows: January= 1,788 riders, February= 1,752 riders, March=2,042 riders, April= 2,060. There has been an overall decrease in trips taken as well as in passengers. On-time average for the 4 months was approximately 83%.

b) Grants Update* (Approval if Required)

No updates at this time.

8. Old Business

There is no old business at this time.

9. New Business

There is no new business at this time.

10. Public Comment

There is no public comment at this time.

11. Member and Department Reports

Mr. Nagle, Clay County Assistant County Manager, stated that the bus bench contract is coming up for renewal. If anyone has any issues and/or concerns with the current benches and signage, please contact Mr. Nagle at troy.nagle@claycountygov.com. Chair Burke asked if there was any feedback. Mr. Nagle stated there are concerns regarding signage that need to be updated, along with signs that are leaning over.

Mr. Lewis-Veterans Council- Mr. Lewis stated they have received the pamphlets that include the route and mapping, and they are currently located at the Veterans Center. He wanted to know if there was a location where anyone could retrieve the pamphlets. Mr. Nagle stated Community Services and they could have them put at the libraries. Mr. Lewis asked if there was going to be a small office location for the Jacksonville Transportation Authority to conduct business. Mr. Nagle stated there will be none.

12. Adjournment

Chair Burke adjourned the meeting at 2:19 p.m. The next LCB meeting will take place on September 15,

2025, at 2 p.m. in the BCC Mtg Rm, 4th Floor, Clay County Administration Bldg.

SECTION 1: DEVELOPMENT PLAN

INTRODUCTION OF THE SERVICE PLAN

Background of the Transportation Disadvantaged Program

The overall mission of Florida's Transportation Disadvantaged program is to ensure the availability of efficient, cost-effective, and quality transportation services for transportation disadvantaged persons. People served by the program include those who because of a physical or mental disability, income status, or age are unable to transport themselves or to purchase transportation and are, therefore, dependent upon others to obtain access to health care, employment, education, shopping, social activities, or other life-sustaining activities, or children who are handicapped or high-risk or at-risk as defined in Section 411.202, Florida Statutes.

Florida's transportation disadvantaged program is governed by Part 1 of Chapter 427, Florida Statutes (F.S.), and Florida Administrative Code (F.A.C.) Rule 41-2, and is implemented at the county or multi-county level by the following major participants:

- Florida Commission for the Transportation Disadvantaged (CTD)
- Local Coordinating Board (LCB)
- Designated Official Planning Agency (DOPA)
- Community Transportation Coordinator (CTC)
- Purchasers of Transportation Services
- Transportation Operators

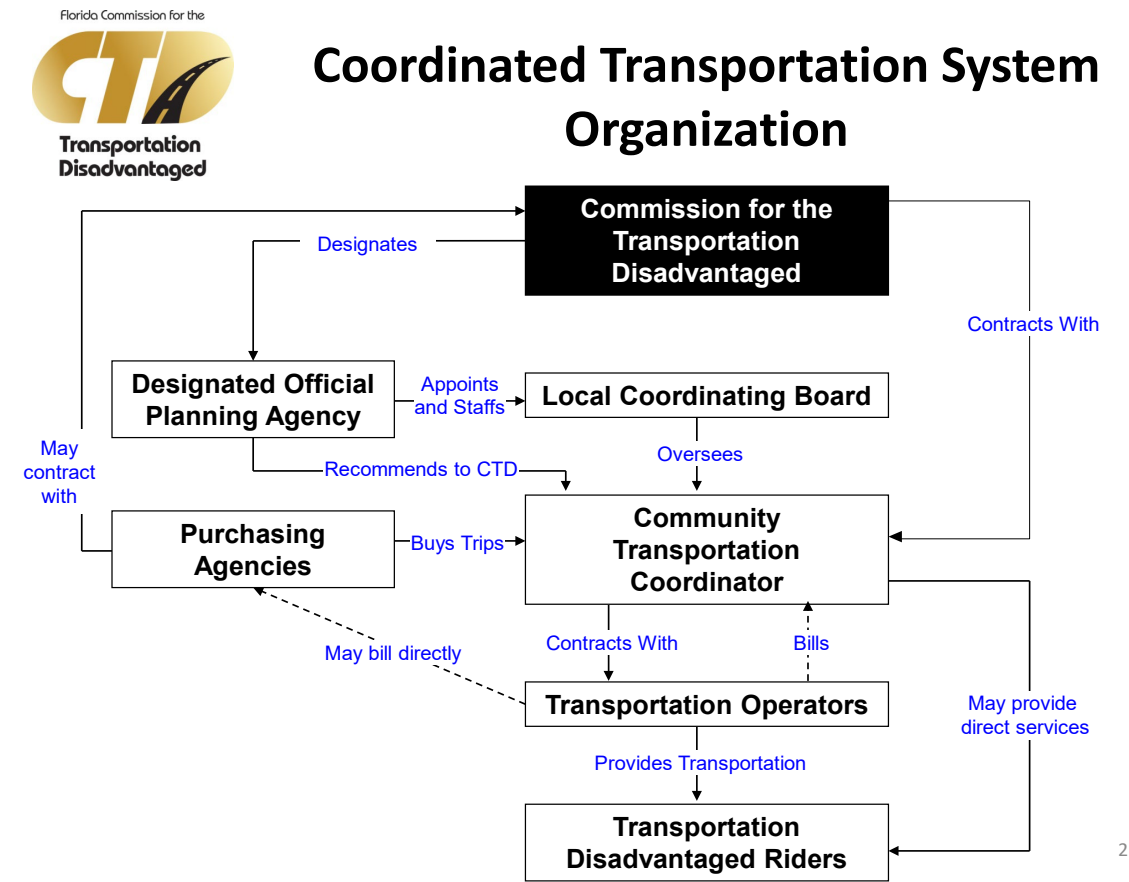

Part I of Chapter 427 was enacted in 1979 and has subsequently been amended and re-enacted. Amendments made in 1989 resulted in the creation of the Florida Transportation Disadvantaged Commission, establishment of the Transportation Disadvantaged Trust Fund, and enhancement of local participation in the planning and delivery of coordinated transportation services to the transportation disadvantaged through the creation of LCBs and CTCs. Amendments made since 1989 have, among other things, changed the name of the Florida Transportation Disadvantaged Commission to the Commission for the Transportation Disadvantaged (CTD), added members to the CTD, modified the definition of "transportation disadvantaged," and supplemented or modified the responsibilities of the CTD, the LCBs, the DOPAs, and the CTCs.

Community Transportation Coordinator Designation Date and History

As part of an emergency RFI, the Commission for the Transportation Disadvantaged (CTD) selected the Jacksonville Transportation Authority (JTA), as the Community Transportation Coordinator (CTC) for Clay County effective January 1, 2019, for a period of 18 months.

The JTA contracted with MV Transportation Inc, as the service provider and renamed the service as Clay Community Transportation (CCT). The Commission for the Transportation Disadvantaged re-designated JTA as the CTC for a five year period at a meeting in June 2020.

Organization Chart

Consistency Review with Other Plans

Local Government Comprehensive Plan

The 2020-2025 Clay County Transportation Disadvantaged Service Plan (TDSP) has been reviewed for consistency with the Clay County Comprehensive Plan, as adopted by the Clay County Board of County Commissioners. The TD program in Clay County is addressed in the required Traffic Circulation/Transportation Element of the Clay County Comprehensive Plan and is consistent with Policy 1.3.1, B.1.3.5, and Goal 3.

Strategic Regional Policy Plan

The 2020-2025 Clay County TDSP is consistent, to the maximum amount feasible, with “Strategic Directions: The Northeast Florida Strategic Regional Policy Plan” (SRPP), which was adopted by the NEFRC by Rule on January 16, 2014. This 2014 SRPP has been based on a regional visioning process that

has been the culmination of extensive public input. The TD system in the region is addressed by Policy 2, 3 and 16 in the Regional Transportation Element of the 2014 SRPP.

Clay Transit Vision Study

The 2020-2025 Clay County TDSP is consistent to the maximum extent feasible with the Jacksonville Urbanized Area's Transit Development Plan. It is consistent with the 2012 Clay Transit Vision Study and a 2016 review of the Study indicated that many of the goals of the study had already been met. An update of the study was undertaken and completed in December 2017. While the CTC has changed, efforts are aligned.

Commission for the Transportation Disadvantaged 5 year/20 year Plan

The TDSP is consistent with the themes of the Commission's 2005 plan, although much of the plan is outdated.

Regional Transit Action Plan

The Regional Transportation Commission (RTC)'s Regional Transit Action Plan 2016 aligns with this TDSP. Now that the RTC has ceased operations, the CTC is represented on the Northeast Florida Regional Transit Working Group (RTWG), which is working on implementation of the plan.

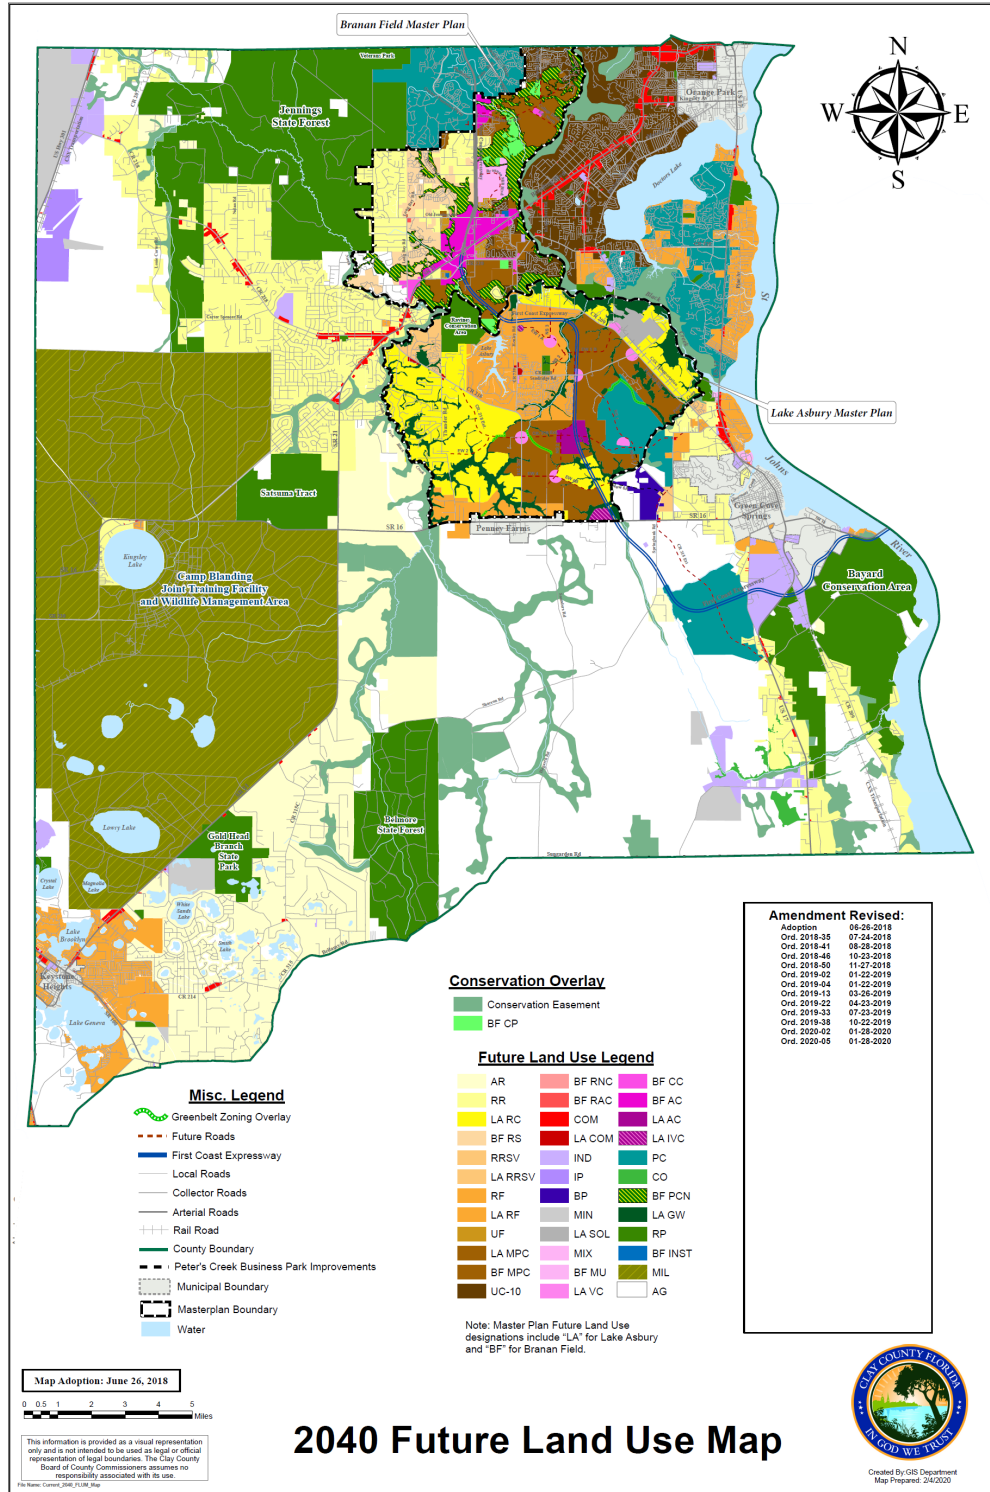

Public Participation

Representatives of public, private and non-profit transportation and human services providers and members of the public participate in the development of the TDSP. Many of the LCB members are staff to these agencies, and review the Service Plan at least annually. They are all invited to participate with the development and update of the TDSP.

- a. Transportation – Staff for the Northeast Florida Regional Council actively participates with the development of the TDSP and coordinates the efforts to ensure that the policies in the plan are followed fully.
- b. Passengers and Advocates – The CTC has close contact with its riders and receives input on a continuing basis.
- c. Human Service Partners – The CTC staff has a close relationship with many local churches, health care facilities, independent living centers, and job training and job placement agencies, and receive input on a continuing basis.
- d. Others - A public hearing is held annually in conjunction with a quarterly board meeting for public input.

Statistics Related to County Population Age 60+

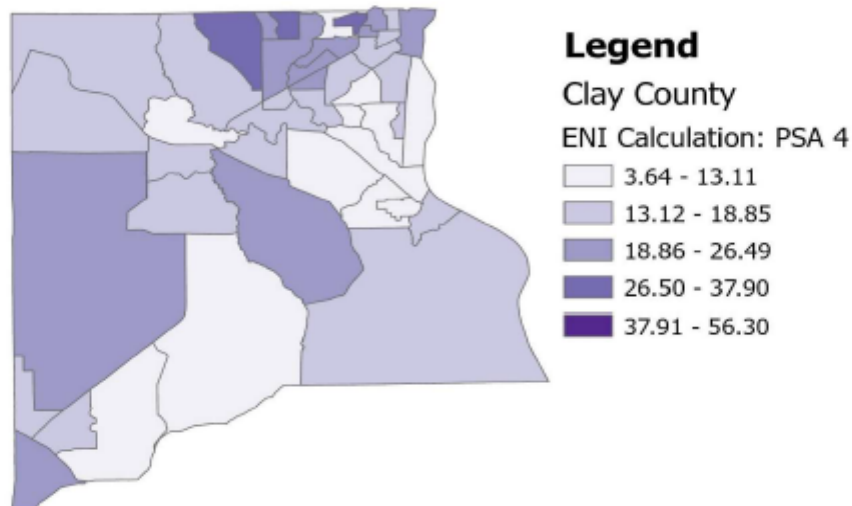

Unless otherwise noted, the data presented in this Profile refer to populations in Florida age 60 and older.

1

Clay County

This profile of older Floridians is a source of current information related to seniors in the county. Topics include the current and future population of older adults, the prevalence of older adults who experience financial and housing issues, the array of health and medical resources, and information related to disasters. As Florida's older adult population grows, awareness of these issues is needed to ensure that elders continue to be vital participants in their communities.

Elder Needs Index

The Elder Needs Index (ENI) is a measure that includes: (1) the percentage of the 60 and older population that is age 85 and older; (2) the percentage of the 55 and older population that are members of racial or ethnic minority groups; (3) the percentage of the 65 and older population with one or more disability; and (4) the percentage of the 55 and older population living below 125 percent of the Federal Poverty Level. ENI is an averaged score indicating older adults who may need social services within a geographic area. It is not a percentage of the area's population. Interactive maps, viewing software, and a detailed user's guide are available at http://elderaffairs.state.fl.us/does/eni_home.php

The Index outpoints in the ENI is scaled at the PSA-level

2024 Profile of Older Floridians

Clay County Demographic Profile

The population pyramid below compares the projected older adult population by gender between 2022 and 2030, demonstrating the changes expected in the next decade. As a whole, Florida is expected to experience population growth, with some areas expecting notable growth in the proportion of those age 65 and older.

Source: BEIR, 2023

Older Adult Dependency Ratio

The dependency ratio contrasts the number of working-age (15-64) individuals compared to the number of individuals age 65 and older who are likely retired from the workforce. This ratio reflects the ongoing contributions of taxes and wages to support the health care and retirement systems used by retirees, as well as the availability of younger individuals to serve as caregivers to older loved ones.

Clay County Financial Profile

This section examines financial conditions, poverty rates, and the cost of living for older Floridians. The ratio of income to poverty level graphic below shows the distribution of older adults relative to the poverty level to show the proportion of the senior population who fall below the Federal Poverty Level (FPL). The portrayal of the financial conditions of older adults is detailed in the final graphic, which includes information about income relative to rates of homeownership and partnership status in the consideration of cost of living.

Clay County Livability Profile

The livability section presents new elements, such as available affordable housing for older adults. Many essential community elements are also included below, such as sidewalk safety, the safety of roadways, and availability of green spaces. The rates of older Floridians who have access to a vehicle or public transportation, as well as the availability of internet access and various food resources, are also provided. These provide estimates of older adults' ability to access community resources.

Clay County Health Profile and Medical Resources

The health and medical section presents the variety and availability of different types of facilities, medical professionals, and treatment services in the community. This includes complex estimates based on probable usage by older adults. For example, the "Medically Underserved" are areas designated by the U.S. Department of Health and Human Services as having too few primary care providers, high infant mortality, high poverty, or a high elderly population. Medical access and health support services information is an important area for community planners to ensure that support is in place to accommodate an older population.

Overview of Land Use, Population/Composition and Employment

The future land use map and demographics, when considered together indicate that Clay is an urbanizing County with a mixture of rural areas and population/service centers. Jobs are increasing and unemployment is falling. The population has been and is projected to grow more quickly than some counties in Northeast Florida, but like all of them, is aging. The ALICE (Asset Limited, Income Constrained, Employed) report done in 2018 by the United Way of Florida, analyzed households that earn more than the U.S poverty level but less than the basic cost of living for the County. In the case of Clay County, the median household income at \$61,825 is higher than the statewide average of \$55,462. The ALICE report identifies the household survival budget for a single adult as \$23,844 and for a family with two working parents, an infant and a Pre-K child as \$71,616. The transportation portion of the family survival budget exceeds the portion needed for food and is the third largest factor after childcare and housing for a family of two working adults and two children in childcare. The number of households below the poverty level (9%) combined with the number of ALICE households, who earn less than the household survival budget (28%), make up 37% of Clay County's total households. These households are among those in need of transit, so they can save money and build wealth. Additional data related to transit and the demographics of Clay County are available in the update to the Clay Transit Vision Study. This study is available on the North Florida Transportation Planning Organization website <http://northfloridatpo.com/planning-studies/>.

Major Trip Generators/Attractors

Trip generators are land use from which trips originate, such as residential areas and group homes, while trip attractors are land uses which serve as the destinations of trips. Types of attractors include shopping areas, employment centers, medical offices, educational facilities, governmental offices and recreational areas.

While the majority of trips made by clients occur within the confines of Clay County, often times more specialized attractors are located in neighboring counties such as Duval or even more distant communities such as Gainesville. Since these trips tend to be more costly to provide, careful planning and scheduling is required on the part of the CTC in order to deliver these services efficiently.

Inventory of Available Transportation Services

In addition to Clay Community Transportation as the Community Transportation Coordinator for Clay County, BASCA, Inc. provides rides for children and adults with differences from their headquarters in Orange Park. The ARC of Bradford provides service from Bradford County to Keystone Heights. Other than transportation network companies that may provide rides to or from Clay County, the following companies provide transportation: Abac Taxi, Clay Taxi, Orange Park Taxi, Westside Taxi

SECTION 2: SERVICE ANALYSIS

Forecasts of Transportation Disadvantaged Population

Based on the Center for Urban Transportation Research (CUTR) 2013 Methodology Guidelines for Forecasting TD Transportation Demand, the general TD population estimate for 2018 is 66,396, or 31.2% of the total population. The forecast for 2018 considers that of the TD population, 7,222 persons are considered to be of critical need. This is comprised of 6,555 persons who are considered to have severe disabilities and 667 persons of low income without access to an automobile or transit. The critical need population in 2020 could be expected to make 1,641 daily trips, and 511,992 annual trips. The forecast model is included as Appendix #6.¹

Needs Assessment

This section provides an overview of the programs that are qualified for funding under the Public Transportation, Elderly Individuals and Individuals with Disabilities, Job Access and Reverse Commute Program (JARC), and New Freedom programs in support of the Federal Safe Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU). The CTC provides paratransit service inside the County and to outside destinations, supplemented by local ambulance service to meet the demand for stretcher trips. In addition, they provide inter-county shuttle service.

Section 5310 - Transit for the Elderly and Persons with Disabilities – This program provides formula funding to states for the purpose of assisting private non-profit groups in meeting the transportation needs of the elderly and persons with disabilities where the transportation service provided is unavailable, insufficient, or inappropriate to meeting these needs.

Section 5311 – Rural and Small Urban Areas – This program provides formula funding to states for the purpose of supporting public transportation in areas with less than 50,000 people. Funds may be used of capital, operating, and administrative assistance to state agencies, local public bodies, and nonprofits organizations and operators of public transportation services.

Barriers to Coordination

The following are identified barriers to the Coordination process:

- Continued funding cuts for transportation services from Medicare and other purchasing agencies.
- Agencies that are not paying the fully allocated operating cost for transportation services. This causes other agencies to pay a higher cost for transportation services in effect subsidizing the agencies that do not pay the fully allocated operating cost.
- Agencies that do not budget for transportation services. These agencies then place a heavy reliance on the TD Trust Funds for their transportation needs. Agencies that do not adequately fund client transportation cause other agencies and funding sources to pay the additional cost of agency transportation services.
- Lack of a dedicated funding source for operating and capital expenses.
- Lack of adequate funding for coordinating transportation services.
- Increasing cost of vehicles, fuel and insurance.
- Poor infrastructure in rural areas, including dirt roadways and lack of sidewalks.

GOALS, OBJECTIVES, STRATEGIES AND IMPLEMENTATION SCHEDULE

Goal 1: Coordination of transportation disadvantaged services

OBJECTIVE 1.1: Contract with agencies purchasing transportation services using public funds.

Strategy 1.1.1: Utilize executed Purchase of Service Agreements (POS) as necessary with all agencies purchasing transportation services with public funds prior to service being initiated. Such POS Agreements shall specify the service and cost of each type of transportation service to be provided (fixed, direct, indirect, per mile, etc.).

Implementation Schedule: The CTC will act as soon as it becomes aware of the need for a POS. Reporting will be as needed or in the final quarter, when the TDSP is reviewed.

Goal 2: Focus on consumer choice and efficiency.

OBJECTIVE 2.1: Arrange transportation services to maximize consumer choice and vehicle

efficiency.

- Strategy 2.1.1: As funding permits, maintain operations of deviated fixed-route systems.
- Strategy 2.1.2: Using Trapeze, analyze current service delivery and demands for service to develop consumer travel patterns.
- Strategy 2.1.3: Survey transportation system users for potential ridership levels and develop routes accordingly.
- Strategy 2.1.4: Increase number of clients/riders served.
- Strategy 2.1.5: Maximize the multi-loading of vehicle trips as practical to reduce cost per trip and maximize efficiency.
- Strategy 2.1.6: As the State and County allow, and as the CTD develops a mechanism to authorize and fund rides from transportation network companies or other providers, utilize the range of services that make sense in Clay County or regionally to maximize efficiency and choice.
- Implementation Schedule: The CTC will track data and report in the final quarter, when the TDSP is reviewed.

- OBJECTIVE 2.2: Market the system within Clay County and regionally.
- Strategy 2.2.1: Promote service availability to agencies and consumers through advertising efforts, social media, partnerships, the distribution of flyers to social service agencies and consumers, and to the general public at County events.
- Strategy 2.2.2: Maintain an on-time performance of at least 85 percent for medical trips.
- Implementation Schedule: The CTC will market on an ongoing basis. On-time performance will be reported with the annual evaluation done by the LCB.

Goal 3: **Accountability: Utilize the Transportation Disadvantaged trust fund non-sponsored grant monies efficiently.**

- OBJECTIVE 3.1: Adhere to strict budget of non-sponsored funding to prevent over-spending or under-spending of non-sponsored trip monies at end of grant year cycle.
- Strategy 3.1.1: Delineate budget utilizing non-sponsored monies with monthly allocation. Provide report to LCB on status of these funds at each meeting.
- Implementation Schedule: The CTC will track the budget on an ongoing basis and report quarterly to the LCB.

Goal 4: **Utilize the expertise of the Local Coordinating Board.**

- OBJECTIVE 4.1: Complete all reports in a timely fashion, which require Local Coordinating Board

(LCB) approval and/or review, including all reports requested by the LCB.

- Strategy 4.1.1: Final draft preparation of reports will be completed prior to the Quarterly meeting and presented to the Board for their review.
- Strategy 4.1.2: Provide a written overview of ridership totals, vehicles miles, costs, and revenue at each quarter, with a comparison to the same quarter of the previous year.
- Strategy 4.1.3: Provide and present the Annual Operating Report to the LCB prior to its submittal to the CTD on or before September 15.
- Strategy 4.1.4: Present rate calculation for the LCB approval.
- Strategy 4.1.5: Information on grants applied for will be provided to the LCB for their approval for incorporation into this plan.

Implementation Schedule: The CTC and Planning Agency will provide timely reporting to the LCB and the Commission on an ongoing basis.

Goal 5: Customer Satisfaction.

- OBJECTIVE 5.1: The LCB shall monitor the quality of service provided by the CTC.
- Strategy 5.1.1: The CTC shall report complaints to the LCB.
- Strategy 5.1.2: The CTC will respond to grievances as specified by the bylaws of the LCB.

Implementation Schedule: The CTC will provide timely reporting to the LCB on an ongoing basis.

Goal 6: Maintain and plan for a safe and adequate fleet.

- OBJECTIVE 6.1: Develop and maintain a transit capital acquisition/replacement plan with an emphasis on safety.
- Strategy 6.1.1: Identify vehicles due for replacement during the budget process at the start of each CTC fiscal year.
- Strategy 6.1.2: Utilize all available Federal, State, and local grant funding sources including but not limited to FDOT Section 5310, 5311(f), and 5339, as well as FDOT Service Development program funds for procurement of vehicles for either replacement or expansion purposes as necessary.

Implementation Schedule: The CTC will provide timely reporting to the LCB on an ongoing basis.

Goal 7: Support regional transit.

OBJECTIVE 7.3: Increase coordination with other counties in Northeast Florida and surrounding communities.

Strategy 7.3.1: Continue to participate in the Northeast Florida Regional Transit Working Group (RTWG) in implementing the Regional Transit Action Plan.

Strategy 7.3.2: Coordinate multi-county trips and service enhancement between Clay County and other counties by cooperating and working with nearby counties as well as the Community Transportation Coordinators represented on the RTWG (Baker, Duval, Nassau, Putnam and St. Johns Counties).

Implementation Schedule: The CTC and Planning Agency will attend monthly meetings of the RTWG as needed. Other efforts are ongoing.

Performance Measures

These measures will assist in determining if the goals, objectives and strategies are being met:

Performance Measure	Target
Medical Trip On-Time Performance	90%

SECTION 3: SERVICE DELIVERY

OPERATIONS

The operations element is a profile of the Clay County coordinated transportation system. This element is intended to provide basic information about the daily operations of Clay Community Transportation (CCT).

Types, Hours and Days of Service

CCT provides transportation services to non-emergency ambulatory and wheelchair clients within the Clay County service area. The transportation services provided by CCT are Individual Demand Response trips and Agency Sponsored trips through a service agreement.

Subscription/Standing Order

Definition: A standing order is the permanent reservation of a regular trip made by a rider. This eliminates the need to make an individual reservation for each trip. The trip must be from the same place, at the same time on the same day(s) of the week. The trip must be taken at least once per week, for at least six months. One standing order is allowed per rider. Mirroring the ADA, subscription trips cannot exceed 50% of the system's capacity at any one time

Individual Demand Response Trip

Definition: This type of service is characterized by making a trip reservation at least by noon two (2) working days prior to an appointment. Trips may not be scheduled more than two (2) weeks prior to an appointment.

Agency Sponsored Trips

Definition: Trips paid for by a sponsoring agency through a contractual agreement with CCT.

CCT transports clients on a door-to-door basis depending on the need of those persons whom are ambulatory or wheelchair clients. Drivers may not assist wheelchairs up and down more than one step.

Definition: Door-to-door is a type of service provided at the point of origin of client home, except when in a nursing home or hospital. This service provides first floor door to door service. Drivers are not to enter the client's residence. Nursing homes, hospitals and facilities at point of origin pick up from nurse's station or common lobby area.

Drivers are not required to act as personal care attendants, baby sitters, or to provide any medical service.

Accessing Services

Ridership Eligibility

It is the policy of the Local Coordinating Board (LCB) that Transportation Disadvantaged funds are to be used only after all other transportation options have been exhausted. In order to be eligible for TD services, an applicant must be a Clay County resident and meet the following eligibility criteria:

- Are not allowed to make a self-declaration of their eligibility.
- Are 60 years of age or older and must have no other means of transportation available or cannot purchase transportation. (HHI guidelines may be used to meet this standard) and
- No other funding sources can be available to provide them with transportation.
- Are eligible if they are: disabled, or their household income is less than 150% of the Federal Poverty Guidelines (HHI) as established by the Department of Housing and Urban Development.
- Must use flex route if available, and they have the ability to use.
- Must pay an appropriate co-pay per trip as determined by LCB.

Eligibility of Riders

To determine eligibility for transportation, every rider must complete a transportation assessment screening form. The form must be completed before the first transport of this system and effective date. Once the assessment is received by CCT it will be reviewed within three business days of receipt to determine eligibility.

Vehicle Availability

If it is determined that a person in the client's household owns a vehicle, documentation must be provided that the vehicle is not available to provide transportation for the client.

Hazardous Driveways

CCT may deny service to any client on a private driveway where it is determined by some organization (e.g., Police, Fire, Public Works, School Board) and verification is provided that the private driveway is hazardous and not appropriate for public vehicles.

Harassment/Disruptive Behavior

CCT may deny service for those clients that violate the code of conduct.

Advance Notification

Individuals wishing to use CCT transportation services can access the system by calling the reservation number 904 284 5977 or faxing 904 284 5733. Trips must be booked three days in advance but may be booked up to fourteen days in advance. Clients should check with Reservations for holiday schedules. Hearing and voice impaired persons may access the transportation system through the TDD dedicated line at (904) 284-3134 or through the Florida Relay Service 1-800-955-8770 Voice.

Trip Cancellation / No Show Policy

CCT drivers will wait for customers for five (5) minutes within the on-time pick-up window. If the driver is not able to make in-person contact with the customer, they will notify dispatch and make a reasonable effort to locate the customer.

Customers who indicate they are not ready or will not be traveling as scheduled will also be recorded as a cancel at the door which is a form of No Show. Customers who do not call and cancel at least ninety (90) minutes prior to the negotiated pick-up time will be recorded as late cancels, which is considered a form of No Show.

The FTA regulations allow CCT service to be suspended, when a customer consistently misses scheduled trips and establishes a pattern of policy abuse.

Trips missed by the individual for reasons beyond his or her control shall not be a basis for determining that such a pattern or practice exists.

When a customer has violated the No Show policy more than three times in 30 days, the following process and suspension times will be utilized:

First thirty (30) day period:

- Phone call to the customer/caregiver to discuss the customer's No Show history for the current month.
 - First No Show notification letter is mailed.

Second thirty (30) day period:

- Phone call to the customer/caregiver to discuss the customer's No Show history for the current month.
 - Second No Show notification letter is mailed stating that the customer will be eligible for suspension with additional violation of No-Show policy.

Third (30) day period:

- End of the third Second thirty (30) day period
 - Final No Show notification letter is mailed stating that the customer is eligible for suspension due to No-Show policy abuse.

Fourth (30) day period:

- A suspension of service letter is mailed out to customer.
- A service suspension may be appealed by making a verbal or written appeal of suspension to the Eligibility Center within 60 calendar days of the date of the written notification of suspension, and no later than the date listed in the body of the letter. Verbal requests can be made by calling CCT, Monday through Friday 8 a.m. to 5 p.m. or a written request may be sent to:

Clay Community Transportation
604 Walnut Street
Green Cove Springs, Florida 32043

- 1st offense - Seven (7) day suspension after written notification and opportunity for the

- customer to appeal.
- 2nd offense – Fifteen (15) day suspension after written notification and opportunity for the customer to appeal.
- 3rd offense – Thirty (30) day suspension after written notification and opportunity for the customer to appeal.

*In accordance with FTA regulations, when a No Show occurs on the first leg of a trip, all later rides for the day will not automatically be canceled. It is the customer's responsibility to cancel rides (service) they no longer need, this includes return trips.

Transportation Operators and Coordination Contractors

At the present time, CCT has no agreements with transportation operators or coordination contracts.

Public Transit Utilization

The Jacksonville Transportation Authority (JTA) has a commuter bus service which travels to Orange Park throughout the day. CCT provides two (2) transportation feeder service to JTA. The one route provides service from the Middleburg area to Orange Park mall in the morning and in the evening connecting with JTA. The second route provides service to the riders in Green Cove Springs in the morning and in the afternoon and connects to JTA. JTA is evaluating an extension of the CCT commuter bus service in the future.

School Bus Utilization

CCT does not utilize school buses.

Vehicle Inventory

A vehicle inventory for Clay Transit is included as Appendix #4.

System Safety Program Plan Certification

CCT's System Safety Program Plan Certification is included as Appendix #5.

Natural Disaster/Emergency Preparedness

The Disaster Preparedness Plan for CCT is addressed in Appendix #8.

Education Efforts/Marketing

On behalf of CCT, JTA staff will continue to modify and implement changes to JTA's website, collateral marketing materials such as pamphlets and brochures, updates to the TD Application and other documents as needed and on an ongoing basis.

Acceptable Alternatives

There have been no acceptable alternatives for the provision of transportation service identified in Clay County.

Service Standards

Service standards are integral to the development and implementation of a quality transportation program and are intended to bring about uniform service provision in the coordinated system. The LCB will evaluate the CTC's compliance of the established service standards annually. The LCB will accept any agency's review of the CTC which encompasses any of the standards as part of the evaluation to determine compliance for that standard.

COMMISSION SERVICE STANDARDS

Drug and Alcohol Testing

All Safety sensitive job positions shall comply with the pre-employment, random, post-accident and reasonable suspicion testing requirements of the Federal Transit Administration.

Transport of Escorts and Dependent Children

CCT requires that all riders under the age of 14 will be accompanied by an escort.

Escort: CCT will allow for one escort, due to age or disability, for the accompaniment and support of the rider to be able to travel to receive medical services. Escort arrangement must be made at the same time of trip schedule. The escort must be at the same location of the client pickup and drop off location. An escort does not include the employee (driver of attendant) of the vehicle.

Use, Responsibility and Cost of Child Restraint Devices

Child restraint devices are encouraged for children 4 years and under and those under 45 lbs. It is the responsibility of the parent or guardian to provide the child restraint in good working order and place the child in it safely.

Riders' Personal Property

Property can be carried by the passenger on a trip provided it can be safely stowed on the vehicle. It is recommended that the number of bags not exceed four small shopping bags. Wheelchairs, child seats, secured oxygen bottles and personal assistance devices are not considered as additional personal property not suitable for transportation. Bicycles racks are on the vehicle of the deviated lines and riders are responsible for loading and unloading of equipment.

Local Toll Free Telephone Number

A local toll free telephone number shall be posted in all vehicles within the system for passengers to contact the CCT Transportation Office.

Out-of-Service Area Trips

The CTC may provide a limited amount of out-of-service area trips. Documentation from the client's physician that the required service or treatment is not available within Clay County is also required prior to the transportation service being rendered. CCT may limit out-of-county trips to specific days of the week, excluding life-sustaining care, i.e. dialysis. When the rider needs to go out-of-county for medical care, medical documentation stating "services are not available in Clay County" must be faxed to our office before the trip can be scheduled. Fax – (904) 284-5733.

Vehicle Cleanliness

Interior of all vehicles shall be free of dirt, grime, oil, trash, torn upholstery, damaged or broken seats, protruding metal or other objects or materials which could soil items placed in the vehicle or provide discomfort for the passenger.

Billing Requirements

All bills shall be paid in accordance with Section 287.0585, Florida Statutes (F.S.).

Passenger/Trip Database

CCT shall maintain a database of client records which include the name, address, telephone number, funding source eligibility and special requirements of each passenger. CCT also maintains an emergency contact name and number in the client records. These records are necessary in the event a trip delay occurs and CCT should need to contact a rider or guardian to explain the delay or any relevant information.

Adequate Seating

Vehicle seating shall not exceed the manufacture's recommended capacity.

Driver Identification

Drivers shall be required to announce and identify themselves by name and company in a manner that is conducive to communications with the specific passenger upon pickup except in situations where the driver regularly transports the rider on a recurring basis. All drivers shall wear a clean CCT insignia uniform shirt and have a photo identification and/or name badge displayed in view at all times when transporting passengers.

Passenger Assistance

A driver shall provide passengers with boarding assistance, if necessary or requested, to the seating portion of the vehicle. Boarding assistance includes: (1) Opening the vehicle door; (2) Fastening the seat belt or utilization of a wheelchair device; (3) Storage and securement of mobility assistance devices; and (4) Closing the door. All assisted access must be given in a courteous and dignified manner. Drivers will not drive/operate a client's motorized wheelchair or scooter.

Wheelchair Assistance

Drivers may not assist with a wheelchair up or down stairs.

Smoking

Smoking is prohibited in any vehicle.

Food and Drinks

Except for medically necessary reasons verified by a licensed physician in writing, eating and drinking in a CCT vehicle is prohibited.

Two-Way Communications

Each vehicle is equipped with two-way radio communications, in good-working order and audible to the driver at all times to the base. Portables radios are available should radio go down during the day. Radio that are disabled will be repaired as soon as possible.

Air Conditioning/Heating of Vehicles

All vehicles in the coordinated system shall have working air conditioning and heating. Vehicles that do not have a working air conditioner and heater will be scheduled for repair or replacement as soon as possible.

Call Hold Time

CCT takes all calls for all trips from eligible CCT customers using a multi line phone system that is covered by staff from 8:00am to 5:00pm Monday through Friday. Calls made during these hours will not be placed on hold for more than two (2) minutes. After- hour calls on the answering machine will be answered the next business day.

On-Time Performance

CCT uses the Trapeze computer system to book and schedule all trips. The agency's Billing Clerk tracks the trip mileage, as well as the boarding and disembarking time for each client, as recorded by each driver on their individual driver's manifest and the on-board MDT unit. Monthly on-time performance reports will be generated to determine adherence to schedules.

Pick-Up Window

Clients are asked to be ready between one (1) hour and one and one half (1½) hour before their scheduled appointment time depending on distance when being transported within Clay County, and two hours before being transported if travel is to another county, in order to facilitate multi-loading and travel time.

Accidents

CCT will compile a quarterly report of all reportable accidents for presentation to the Local Coordinating Board for their review.

Road Calls

CCT will compile a quarterly report of all road calls for presentation to the Local Coordinating Board for their review. A road call is defined as an interruption of service during the time the vehicle is in-service and which may or may not involve a mechanical failure of some element of the vehicle.

Driver Background Screening

CCT will perform all required background screening as required by 14.90. Level 2 background checks may be required on a case by case basis.

Cardiopulmonary Resuscitation

The CTC has elected to not require its contracted drivers to be trained in First Aid or CPR. Should the need arise for a client to require First Aid or CPR, it is the policy of the CTC that the driver notify

Dispatch immediately. Dispatch will call 911 and request that emergency personnel be dispatched to the correct location for professional emergency care.

ADA Policies

Accommodating Mobility Aids / Life Support Systems

Portable medical oxygen is allowed on board all vehicles provided that the passenger is capable of administering the oxygen themselves. At no time will CCT employees be involved in the administration of oxygen.

Standeers on Lift

Clients can request the use of the lift as an accommodation if necessary.

Personal Care Attendants (PCAs)

Any escort, guest or Personal Care Attendant must have the same origin and destination as the client.

Service Animals

Service animals shall be permitted to accompany their users in any CCT vehicle or facility.

Transfer

When transporting users of three-wheeled wheelchairs or other mobility devices that pose securement problems, entities can *request* that the user transfer to a vehicle seat. The regulations do not, however, allow entities to *require* such a transfer. For some users of these devices, transfers pose a safety risk. Vehicle seats also are not always designed to provide the specific support that an individual may need. Entities can explain to riders the reasons for requesting a transfer but must allow them to make the final decision on whether a transfer is appropriate given their particular disability.

Equipment Operation (Lift and Securement Usage

Section 37.165 of the ADA regulations establish the policy regarding the use of lifts and securement devices. Subsection (b) requires that all “common wheelchairs” and their users must be transported. A common wheelchair is a wheelchair that does not exceed 30 inches in width and 48 inches in length measured 2 inches above the ground, and does not weigh more than 600 pounds when occupied. Wheelchairs are defined to include both three-wheeled and four-wheeled mobility aids. Three-wheeled “scooters” and other non-traditional designs that fit within these standards must be transported.

Subpart (c) requires that wheelchairs be secured during transport. Vehicle operators are to assist passengers in the use of the lift, ramp, and securement systems.

Use of the securement system can be required as a condition of receiving service. If a vehicle has a securement system which meets the new standards of Part 38 of the regulations, wheelchair users must be transported in a forward-facing or rear-facing position.

Service cannot be denied on the grounds that a mobility device cannot be secured to the provider’s satisfaction. Providers should make every effort to obtain state-of-the-art securement systems that accommodate all types of wheelchairs.

In addition to a securement system for mobility aids, each securement area provided on a vehicle must be equipped with a three-point passenger restraint system. Mobility aid users can only be

required to use this restraint system, however, if all other passengers on the vehicle are required to use a similar system. For example, if a paratransit service requires all passengers to use a seat belt, mobility aid users can also be required to use a seat belt (use of the shoulder harness could not be required, though, unless this was a policy for all passengers).

Passenger Sensitivity

All employees of CCT will receive initial and ongoing passenger sensitivity training.

Clients' Requirements for Receiving Services

Proper Function of Client Equipment

Wheelchair Transport

This section refers to clients who can sit upright and have no acute medical problems that require them to remain in a lying position or those clients who are continually confined to a wheelchair.

MANUAL WHEELCHAIRS: Wheelchair mechanisms for manual parts must be in proper working condition in order to be transported. Parts include the following: Hand grips, vinyl back and seat, wheel casters, brakes/brake lever, and footrests.

ELECTRIC WHEELCHAIRS AND SCOOTERS: Motorized wheelchairs and scooters electrical system must be properly functioning and free of leaking parts.

Wheelchair Riders

Drivers are not permitted to lift a rider from bed into the wheelchair. Rider should be in the wheelchair, with proper foot rest attached, prior to pick up.

Clients with Illnesses and/or Wound(s)

If a medical professional deems that a client who is ill is medically contagious, then the CTC will not be able to provide transportation. Clients who have open/leaking wounds and/or sores or leaking bodily fluids will not be transported or must have them covered during transport for the safety of other clients and the driver.

Client Code of Conduct and Denial of Service

Policy Statement

It is the policy of CCT to provide safe and reliable transportation services free of fear or violence. Unacceptable conduct by clients of CCT shall not be tolerated and shall be discouraged by the use of increasingly severe sanctions. It is recognized that some actions may be so intolerable or dangerous as to require immediate termination of service and/or removal from the vehicle.

Definitions of Prohibited Conduct

VIOLENT CONDUCT: Conduct by an individual that creates fear in another individual or results in unwarranted physical contact with another individual.

SERIOUSLY DISRUPTIVE CONDUCT: Conduct by an individual which demeans, denigrates or intimidates any other individual or interferes with the performance of another individual's actions.

ILLEGAL CONDUCT: Conduct which is prohibited by law or regulation and may include violent or seriously disruptive behavior.

Disciplinary Procedures

These procedures shall be in accordance with Section 46,105 and Section 37.5(h) of the Department of Transportation rule implementing the *Americans with Disabilities Act* which states:

“It is not discrimination for an entity to refuse to provide service to an individual with disabilities because that individual engages in violent, seriously disruptive or illegal conduct. However, an entity shall not refuse to provide service to an individual with disabilities solely because the individual’s disability results in appearance or involuntary behavior that may offend, annoy or inconvenience employees of the entity or other persons.”

The following procedures have been developed to ensure the safety and well-being of employees and other clients of CCT. All instances of unacceptable conduct shall be documented, in writing, by the employee who witnessed the conduct and forwarded to the Transportation Manager who shall then make a determination as to what action shall be taken. Actions to be taken by the Transportation Manager shall follow the incremental steps outlined below:

FIRST OFFENSE: A written notification shall be sent to the offending individual, via certified mail with a return receipt requested. This notification shall detail the conduct deemed unacceptable, state that the notification is to be considered an official warning, and state that any reoccurrence of the conduct deemed unacceptable within one calendar year shall lead to further disciplinary action. A copy of the notification shall also be forwarded to the Designated Official Planning Agency.

SECOND OFFENSE: For a second offense that occurs within one calendar year of a first offense, written notification shall be sent, via certified mail with a return receipt requested, detailing the conduct deemed unacceptable and stating that the client shall be suspended for a period of time not exceeding thirty (30) days. The exact length of the suspension shall be determined by the Transportation Manager. A copy of the notification shall be forwarded to the Designated Official Planning Agency.

THIRD OFFENSE: For a third offense that occurs within one calendar year of a second offense, with the concurrence of the CCT, a written notification shall be sent, via certified mail with a return receipt requested, detailing the conduct deemed unacceptable and stating that the client shall be removed from CCT permanently. A copy of the notification shall also be forwarded to the Designated Official Planning Agency.

No suspension or expulsion shall occur until after the time limit for making an appeal has expired with the exception of Prohibited Conduct so dangerous or disruptive that it interferes with the immediate safety or well-being of any employee or other client.

Code of Conduct for Deviated Bus Lines

All passengers are required to abide by this Code of Conduct.

1. All passengers must pay the proper fare, if applicable.
2. Appropriate clothing (shirt and shoes) is required of all passengers.
3. No smoking on board a CCT vehicle or under a transit shelter covering.
4. No throwing of items.

5. No eating or drinking on board a CCT vehicle, unless required for health reasons.
6. No alcoholic beverages are allowed on board a CCT vehicle or at a CCT passenger facility.
7. No vandalism or graffiti of CCT vehicles or property.
8. Possession or consumption of illegal drugs is prohibited. Passengers may not ride a CCT vehicle under the influence of alcohol or illegal drugs.
9. Congregating or loitering on a CCT vehicle or other passenger facility in a way that causes an inconvenience to other passengers is prohibited.
10. No rider shall interfere with the safe operation of any CCT vehicle and will at all times respect the instructions of the driver in regard to the vehicle's operation. Operating or tampering with any equipment is prohibited.
11. Riders must remain seated or secure themselves by provided handholds until the vehicle comes to a complete stop.
12. Conversations between riders or on cell phones shall be kept at a reasonable volume on CCT vehicles or other passenger facilities.
13. Physical violence, intimidation, and/or harassment of other passengers or the driver are prohibited.
14. Vulgar, abusive, or threatening language or actions are prohibited on CCT vehicles or at transit shelters or other passenger facilities. Use of racial slurs or displaying racist behaviors is prohibited.
15. Use of personal radios, cassette tape players, compact disc players or other sound generating equipment is prohibited on CCT vehicles or other 3 passenger facilities, unless utilized solely with ear phones. Volume on the ear phones shall be kept at a level which does not disturb other passengers or the driver.

19. Passengers may not bring objects on board a CCT vehicle which blocks an aisle or stairway, or occupies a seat if to do so would cause a danger to or displace passengers or expected passengers.
20. Passengers are prohibited from extending an object or portions of one's body through a door or window of a CCT vehicle.
21. Panhandling, sales, or soliciting activities are prohibited on board a CCT vehicle or other passenger facility.
22. Infant strollers and similar articles must be folded prior to boarding a CCT vehicle.
23. Children under six years of age must be accompanied by an adult or guardian 13 years of age or older. CCT does not accept any responsibility for any unaccompanied minor.

Appeals Procedure for Violations of Code of Conduct

An administrative process shall allow a decision regarding a conduct-related issue to be appealed. The process shall be separate and distinct from the established grievance process contained elsewhere in this document and only apply to conduct-related issues unless otherwise specified. Furthermore, this process shall include an opportunity for the affected party to be heard and to present information and arguments.

1. Anyone wishing to appeal a written notification of a First Offense shall present their request for appeal in writing to the Transportation Manager of Clay Community Transportation within ten (10) calendar days of receipt of notification of such offense. The Manager shall investigate the circumstances surrounding the appeal and render a decision within seven (7) calendar days. The decision of the Manager shall be final. If a client elects to pursue the appeals process for a first offense, the agency funding the client's service shall be notified of the appeal and the final decision by the Manager.
2. Anyone wishing to appeal a disciplinary action resulting from either a Second or Third Offense shall present their request for appeal in writing to the Director of the CCT within ten (10) calendar days of receipt of notification of disciplinary action. All written appeals shall contain the following information:
 - The name and address of the appellant;
 - Transit route (if applicable), date and approximate time of the incident(s);
 - A statement of the grounds for the appeal and supporting documentation;
 - An explanation of the relief desired by the appellant.

The Director shall immediately forward the request for appeal to the grievance committee of the Clay County Local Coordinating Board via the Designated Official Planning Agency. Within thirty (30) calendar days of receipt of the appeal request, the Grievance Committee shall meet and render a decision on the appeal. Furthermore, if a client elects to pursue the appeals process for a SECOND or THIRD OFFENSE, the agency funding the client's service shall be notified of the appeal and requested to attend the grievance committee meeting. A written copy of the decision of the grievance committee will be forwarded to the appellant, via certified mail with return receipt requested, within ten (10) calendar days of the conclusion of the committee meeting. Additional copies of the decision shall be sent to the funding agency for the particular trip in question, as well as the Local Coordinating Board. If the appeal fails, the notification of the decision will also state the effective date(s) of the suspension or expulsion.

Suspensions or expulsions from CCT shall not be enforced during an appeal period, except in cases where the conduct is so dangerous or disruptive that it interferes with the immediate safety or well-being of any employee or other person.

LOCAL GRIEVANCE PROCEDURE/PROCESS

Definition of a Complaint

For the purpose of this Section, a complaint is defined as:

An issue brought to the attention of the Community Transportation Coordinator (CTC) either verbally or in writing by a system user/advocate, sponsoring agency, or community service provider/subcontractor, addressing one or more issues concerning transportation services of the CTC or operators used or employed by the CTC.

Filing a Complaint

The Community Transportation Coordinator will provide all system user/advocates, sponsoring agencies, and/or community service providers using Transportation Disadvantaged services a description of and process to be used to make a complaint to the CTC. Complaints may also be made directly to the TD Ombudsman by calling 1-800-983-2435. If a system user/advocate, sponsoring

agency, or community service provider/subcontractor has a complaint, the CTC will address each complaint, making whatever investigation is required to determine the facts in the issue presented and take appropriate action to address each complaint. Complaints that cannot be resolved by the CTC directly or through mediation with operators and/or sponsoring agency, can be brought before the Clay County Transportation Disadvantaged Coordinating Board Grievance Committee.

Recording of Complaints

The Community Transportation Coordinator will keep a MEMO OF RECORD file of all complaints received. A copy of the MEMO OF RECORD file will be made available to the Community Transportation Coordinating Board on an as needed basis.

Appeal to the Grievance Subcommittee

The Community Transportation Coordinator (CTC) shall advise and provide directions to all persons, system user/advocates, sponsoring agencies, and/or community service providers from which a complaint has been received by the CTC of the right to file a formal written grievance. If after the CTC attempts to resolve the complaint, the complainant is not satisfied with the action taken by the CTC, the individuals should proceed to the next grievance step.

Responsibility of Coordinating Board to Grievances

The Local Coordinating Board shall appoint a Grievance Committee to serve as a mediator to process and investigate complaints, from agencies, users, potential users of the system and the Community Transportation Coordinator in the designated service area, and make recommendations to the Coordinating Board for improvement of service. The Coordinating Board shall establish procedures to provide regular opportunities for issues to be brought before such committee and address them in a timely manner. Members appointed to the committee shall be voting members of the Coordinating Board. (Rule 41-2.012, FAC).

Definition of a Grievance

For purposes of this section, a grievance is defined as:

A circumstance or condition thought to be unjust and grounds for bitterness or resentment due to lack of clear resolution by the CTC through the notice of complaint procedure or due to the seriousness of the grievance.

Grievance Procedures

The following Grievance Procedures are established for grievances to be brought before the Grievance Subcommittee. When a passenger, system user/advocate, sponsoring agency, and/or community service provider/subcontractor has a concern, complaint, or problem relative to transportation services, proper grievance procedures which are described below should be followed in sequence.

Filing a Grievance

1. If a passenger, system user/advocate, sponsoring agency, and/or community service provider/subcontractor has a complaint as defined previously, the party should first discuss the matter with the staff involved for immediate resolution, if possible. If no resolution or satisfaction is reached, the individual should then proceed to the grievance level.
2. If a system user/advocate, sponsoring agency, and/or community service

provider/subcontractor has a grievance with the service, the individual will present the grievance to the Community Transportation Coordinator (CTC) within ten (10) working days of the incident. All grievances must be in writing and shall include the following:

1. The name and address of the grievant;
2. Transit route, date and approximate time of the incident(s);
3. A statement of the grounds for the grievance and supporting documentation;
4. An explanation of the relief desired by the grievant.

Grievance Committee Hearing Procedures

The grievance committee agenda shall be conducted in accordance with the following procedures:

1. Call to order - Planning Staff
2. Election of Grievance Committee Chairman - Committee Members
3. Presentation of Grievance by Planning Staff
4. Presentation of Grievance by Complainant
5. Response of party(s) concerned
6. Discussion of grievance - Shall take place in accordance with Robert's Rules of Order amongst the Grievance Committee, the complainant and other interested parties. Discussion shall focus solely on the grievances.
7. Following discussion of the grievance, the Grievance Committee shall provide its recommendation to all interested parties in response to the grievance.
8. Close Hearing.

Facts concerning the grievance should be stated in clear and concise language. If assistance is needed in preparing a written grievance, assistance will be provided by the CTC staff and/or the designated official planning agency. Within fifteen (15) working days following the date of receipt of the formal grievance, the Community Transportation Coordinator (CTC) staff will respond, in writing, to the system user/advocate, or other party concerning the registered grievance. The Community Transportation Coordinator's response shall explain the factors that entered into the decision and shall identify the action, if any, that will be taken.

The Community Transportation Coordinator will keep a GRIEVANT RECORD file of all grievances received. A copy of the RECORD file will be made available to the Transportation Disadvantaged Local Coordinating Board on an as needed basis.

Appeal to the Grievance Subcommittee

The decision of the Community Transportation Coordinator may be appealed to the Grievance Subcommittee of the Transportation Disadvantaged Coordinating Board within fifteen (15) working days of the receipt of the Community Transportation Coordinator's final decision. Within thirty (30) days of receipt of the appeal, the Grievance Subcommittee will meet to make recommendations to the Transportation Disadvantaged Local Coordinating Board.

The grievant will be notified in writing of the date, time and place of the subcommittee meeting at which the appeal will be heard. This written notice will be mailed at least ten (10) days prior to the meeting. The notice shall clearly state the purpose of the discussion and a statement of issues involved.

A written copy of the decision will be forwarded to the Board and all parties involved within ten (10) days of the date of the decision. Written decisions will include the following information:

1. A statement that a meeting was held in which the involved parties, their representatives, and witnesses were given an opportunity to present their position;
2. A statement that clearly defines the issues discussed;
3. An opinion and reasons for the decision based on the information provided;
4. A finding that the issue affects safety, provision of service, or efficiency; and;
5. A recommendation by the Grievance Subcommittee based on their investigation and findings.

Recommendation to the County Transportation Disadvantaged Local Coordinating Board

Within thirty (30) working days of the receipt of the recommendation, the County Transportation Disadvantaged Coordinating Board will meet and consider the recommendation. A written copy of the recommendation will be forwarded to the Board and all parties involved within ten (10) working days of the date of the recommendation. The grievant will be notified in writing of the date, time and place of the Board meeting at which the recommendation will be presented. This written notice will be mailed at least ten (10) working days prior to the meeting.

Appeal to the State Transportation Disadvantaged Commission

Should a grievant remain dissatisfied with the decision, appeal may be made directly to the Commission for the Transportation Disadvantaged. The appeal should be addressed to:

SECTION 4: QUALITY ASSURANCE

Evaluation Process

The Northeast Florida Regional Planning Council conducts an annual evaluation of the Clay County TD program pursuant to Rule 41-2, *Florida Administrative Code* (FAC) and utilizing guidelines established by the Commission for the Transportation Disadvantaged. This evaluation utilizes, at a minimum, Chapters 5 (Competition), 7 (Cost Effectiveness & Efficiency) and 12 (Availability) of the Commission's *Workbook for CTC Evaluations*.

CTC Monitoring Procedures of Operators

CCT does not have any sub-contracted operators at this time.

Coordination Contract Evaluation Criteria

CCT evaluates coordination contracts on an annual basis and provides monitoring of the contractor's performance on a bi-annual basis. Evaluation of the contractor's trip data is included in the annual joint LCB/Planning Agency evaluation of the CTC.

Planning Agency Evaluation Process

The Florida Commission for the Transportation Disadvantaged conducts biennial reviews of the planning agency's performance based upon established procedures utilizing staff from the CTD's Quality Assurance & Program Evaluation (QAPE) section. Current evaluations will be included as Appendix #7.

“The purpose of the commission is to accomplish the coordination of transportation services provided to the transportation disadvantaged”

OUR PURPOSE

Creation of the Transportation Disadvantaged (TD) Program

Established by the Florida Legislature in 1979.

Intended to ensure TD customers have access to transportation services across the state.

Created Commission and TD Trust Fund in 1989.

Designated provider network responsible for coordinating services in all 67 counties.

Defined “coordination” as services provided in manner that is “cost-effective, efficient, and reduces fragmentation or duplication”.

TD Trust Fund subsidizes a part of a TD person’s transportation “not sponsored” by another agency.

TD Non-Sponsored Eligibility Criteria (adopted in 1997)

No Other Funding Available – Individual has no other purchasing agency “sponsoring” a trip to a certain activity

No Other Means of Transportation – Individual does not own a vehicle, have a family member, or others who can provide a trip to an activity.

Public Transit – Individual does not have access to a fixed bus route, or one is not available in their community, to access an activity.

Disability – Individual has a disability as defined by the ADA that presents a barrier to transportation.

Age – The individual's age presents a barrier to transportation [the age limit is defined by the CTC and LCB].

Income – The individual or household income presents a barrier to transportation [the income threshold is defined by the CTC and LCB].

Our Organization:

Independent state agency, housed in FL Dept of Transportation (FDOT).

Consists of 11 board members appointed by the Governor.

Appoints Executive Director and oversees staff in Tallahassee.

Administers TD Trust Fund and grant programs that support TD Services.

Adopts policies and rules governing the Coordinated System.

Designates Community Transportation Coordinators (CTCs) and Planning Agencies in all 67 counties.

Collects data on TD service operations and presents Annual Report to the Governor and Legislature (January 1 each year).

Serves as a clearinghouse of information on TD services.

NEED A RIDE?

RIDE UNITED TRANSPORTATION ACCESS

We believe that everyone should have safe, reliable and easily accessible transportation.

Ride United offers temporary, prescheduled Lyft rides to residents in Duval, Clay, Putnam, St. Johns, Nassau, Baker, Columbia, Suwannee and Hamilton counties.

Those in need of transportation assistance to critical services such as education, employment, health care, or food access should contact United Way 211 to determine ride eligibility.

Ride scheduling is available during operating business hours (Monday through Friday from 8 a.m. to 5 p.m.).

- Drivers are not employed through United Way.
- All riders must be 18 years of age or accompanied by an adult.

Good Morning,

I have reviewed the corrections and adjustments made to the attached 2025-26 Rate Model Calculation Spreadsheet for some of the most common procedural and utilization errors. Items previously noted have been addressed and it is approved for further review at the local level as appropriate. My review and opinion does not confirm the validity or accuracy of any financial or operational data elements that have been entered, nor does it address the reasonableness of the unsubsidized cost of services.

By copy of this email, I am advising your planning agency on our completion of this effort and the readiness to advance the spreadsheet to the LCB for approval and inclusion in the TDSP update.

When the time comes, I will produce your T/E grant contract with the passenger trip rates from this spreadsheet presuming no further changes by the LCB.

Projected Passenger Trips (excluding totally contracted services addressed in Section II) =	10,910	8,220	2,690

Good Moring Eron,

Duval and Nassau look good. Clay needs an adjustment look below.

For Clay:
It is short \$4,686 for the match requirement coming from Local Non-Government or Local Government in column J. They will need to add the increased funds in the Comprehensive Budget Tab in one of the subsets under Non-Government or Local Government. Expenses will need to be adjusted after this correction.
