

Jonathan Oetting  
Chief of Conservation Services  
Florida Natural Areas Inventory  
Institute of Science and Public Affairs  
Florida State University

Jon has been with FNAI since 1999. He currently is involved in several conservation planning projects, including GIS analysis and modeling of rare species habitat and land acquisition priorities for the Florida Forever program. Jon oversees the Inventory's environmental review and data distribution efforts, and manages the content and organization of the FNAI website. He has a master's degree in anthropology from the University of Illinois and a Master of Science in Planning degree from Florida State University.
